THE RESUMPTION OF BUSI-NESS COMMENCED.

LIST OF KILLED AND WOUNDDE.

SINKING OF THE STEAMER ST.

[Reported Especially for the Cairo Bulletin.] THE LOSS BY THE PIRE.

NEW YORK, Nov. 14 .- The worst statement of the loss by the Boston fire still keeps the loss considerably under \$100,-000,000, without reference to salvage, which will reach one sixth and probably one fifth of the total loss. The insurance in Boston seems to rise and the reported loss to fall. The prices of property destroyed are valued by assessments at \$9.-820,800, but it is worth \$15,000,000. THE SUFFERERS.

The sufferers include 2.043 business men and firms. Of the total insurance of \$40,000,000 \$30,000,000 will be paid. RESUMING BUSINESS.

The work of recovering is already under way, and a steady stream of returning refugees has set in toward State, Washington and other streets on the borders of the blackened territory, bearing back to the deserted premises goods and property, which were removed Saturday and Sunday to other parts of the city-Jordan, Marsh & Co. conveyed \$1,000,000 worth of property to the residences of the members of the firm in Summerset street to the synagogue on Warrenton street. and other places of safety. Firms which last week occupied immense structures of marble and granite, are now contented with an upper loft, or perhaps with a desk room, but in these narrow quarters are preparing to continue their commercial transactions on the usual scale. There is rivalry everywhere in getting to work as quickly as possible.

LOBERS MEN OF LARGE CAPITAL The losers are generally men of large capital and long established eredit, who will bear up under the blow without any great difficulty, even should the insurance companies pay no more than 25 or 30 per cent. The new warehouses are likely to be, at least, as costly as the old ones, and if money will make them fire-proof, Boston builders will spare no expense to attain so desirable an end. Most of the eapital spent on these buildings after insurance companies have paid what they can, must be borrowed. The plan has been broached for making the city the lender of these vast sums, bonds to be issued and loaned to the builders under a guarantee that the proceeds shall be honestly expended for the restoration of the ruined property, the city protecting itself by a mortgage upon the cetates. This device meets with favor, and will doubtless be brought before the proper authorities immediately.

THE HEATED AIR. The current of air created by the flames was so great that fragments of paper were carried a distance of sixteen miles away, leaves of check books and letters were found at Quincy, Hanover and Weymouth. Cinders fell in Abbington, Hanover and Pennbroke. A charred fifty dollar note was picked up at East Abbington. The glare of the conflagration was seen by night at Concord, N. H., and the light was distinctly visible ninety miles at sea.

TWO PIREMEN MEET THEIR DEATH.

Two firemen rushed into a ruined building to help a poor fellow who was buried by the fall of one of the side walls. While they were at work the front wall came down, and they were never seen

RESOLUTION OF THANKS. Boston, Nov. 14 .- The Relief committee adopted resolutions this morning, thanking the people of the country for expressions of sympathy. Offers of pecuniary aid are accepted.

LIST OF KILLED AND WONDED. Boston, Nov. 14 .- The following are the casualties by fire, so far as known Killed, Lewis C. Thompson, Louis Porter Abbott, Frank Olmstead, Dan'l. Cochrane, and five others unknown. Wounded Thos. Maloney, Col. F. Freeman, Wm. J. Woodruff, G. W. Gardner, Francis Crasher, Chas. Paine, Thos. Waldron, Jno. Richardson, Peter Digham, Albert C. Abbott. Missing, J. Burr, Geo. Smith, Walter F. Twombly, J. Dillon, Albert C. Abbott; he was to have been married Thanksgiving day. His brother Louis, killed, leaves a wife and three children. Their mother it is thought will not survive the shock caused by the news of the fate of

her sons. BREAD CAST UPON THE WATERS. NEW YORK, Nov. 14 .- The Boston Journal says the fact that \$100,000 have already been raised in Chicago for the relief of our sufferers by the fire, is so marvellous that gratitude is in danger of being confused by the extraordinary association it suggests. Never was there such a case of bread being thrown upon the waters and returning after many days. Only a little over a year ago in the crisis of general solicitude which none of us can ever forget, we hurled our contributions to Chicago, and we hoped they would help

to keep her people alive till they should to consider the advisability of appointing ence get their facilities started, in the long, weary work of rebuilding their city, and low out of their abundance they are sending a glorious sum in charge of a commitcan do such a thing at this time, is as encouraging to all our business sufferers, as the fact that they have the heart to do it is grateful and refreshing to us all. SAFE RECOVERED.

BOSTON, Nov. 14 .- The safe of Westcott on High street was recovered to-day. Its contents, \$150,000, were found unhurtafter sixty-two hours of exposure to intense heat. The locality had been guarded by a detatchment of dragoons. F. A. Hawley, banker, whose temporary suspension was announced, resumed business to-day. One daily, fifteen weekly and eleven monthly papers were burned out at their quarters by the fire, while almost every publishing establishment in the city suffered more or less. The resolution adopted by the relief committee to accept contributions from other cities in aid of sufferers will afford immediate relief to many poor families who have lost their all and to thousands of persons thrown out of employment. The noble generosity Much enthusiasm prevailed. Clear Creek exhibited all over the country is calling | wil | probably vote for bonds. forth thank-giving from thousands of grateful hearts.

STEAMER ST. MARYS SUNK CINCINNATI, Nov. 14 .- A Chronicle special says the steamer St. Marvs, which left Memphis for Cincinnati last night, struck a stump near Murray's landing, leaving a hole below her wheels, causing her to sink in less than ten minutes in 18 feet water. As far as known no lives were lost, her passengers having gone ashore in the life boat. One fireman is missing. The steamer City of Chester passed by soon after and carried her passengers to Cairo. The St. Marvs is valued at \$36,000. Insured in five offices in Cincinnati for \$16,000. She can possibly be

MEMPHIS. Nov. 14.—The Cincinnati packet St. Marys, which sunk at Brandy Wine head, twenty-five miles above here last night, had 325 bales cotton, 150 bales rage, 50 tons old iron and sundries. Of the cotton, 210 bales were shipped by the Great Western despatch to Liverpool. It was fully insured in Lloyd's agency; 77 by Ben. J. Babb to Carrollton, Ind., insured in local offices here The iron was shipped by Jno. Monague, and the rags to Chatfield & Wood, Cincinnati. The boat lies straight, and she can be raised. No lives were lost, though the passengers spent the night on a bar, with a gale blowing, and at times striking a snagboat which was endeavoring to land for wood. The wrecker Eckert succeeded yesterday in raising the steamer Katie, which sunk at Helena last week. It is believed that \$20,000 will fully restore her.

HEAVY GALE. Nov. 14 .- A gale last night was exceedingly severe on the Prussian coast. Alsteals and twelve vessels were stuck in the harbor. A town was inundated and during the storm a fire broke out among the warehouses, which spread rapidly and still burning. Several lives reported lost, and many persons injured.

MADRID, Nov. 14 .- The Epochs in its issue to-day calls the attention of the government to what it terms a grant of situation at the government arsenal near Cadiz, where a recent letter in its columns stated a conspiracy had been discovered. The Epocha yet fears serious trouble among men engaged there, and urges the government to take precautions for instant supression of any disloyal sentiment. It is feared that there is an understanding between the men in the arsenal and disaffected parties at Cadiz.
